Re:
COVID-19

Fellow Owners and Residents of River
Club,

We are writing this letter in light of Governor DeSantis' recent Executive Order to mitigate the spread of Coronavirus (COVID-19). We are hoping everyone will cooperate by sheltering in place and maintaining social distance of at least six feet when outside. While the pool, the exercise room, and the game room at River Club will remain open, we are reminding everyone that the equipment, handrails, pool ladders, shower handles, tables, chairs, and gate latches are not disinfected, and care should be given in that regard.

The office will not be staffed, so if you wish to communicate with Cindy, Mark, or a Board member, send an email to this address: riverclubofmartincounty@gmail.com. You may also slip a note in the office mail slot which will be checked every other day. If you see Mark in the community, please keep your distance.

While everyone's health is a private matter, in these circumstances you owe it to your friends and neighbors to alert them to their potential exposure to the virus if you should test positive for COVID-19. Not communicating is the same as contributing to the spread of this virus. You could save lives by doing so.

If any of our residents need to shop for essentials but are unable to do so, or need assistance, we have volunteers who would be happy to help you. Just let us know of your needs.

John Mears, President River Club of
Martin County Board of Directors
