Chad Cianciulli

Fire Rescue Chief

We, the residents of River Club of Martin County community, who reside in Rio south / east of the Florida East Coast Railroad tracks, recognize the urgent need for a fully operational and staffed Fire Rescue station in our community.

The ongoing development and construction in Rio, Jensen Beach, and Stuart, along with the planned increase in train traffic, will cause delays to Station 16 responding into our community. On January 31 2020 , Station 16 was delayed by over three minutes in reaching 1600 NE Dixie Highway due to train traffic. If not for the presence of a medical professional, that three minute delay could have been deadly.

It is a well established fact that as the population of a community increases, so does the demand for emergency services.

As this is a critical life safety issue effecting the residents of River Club, we strongly urge the Martin County Commissioners, County Administrator, and Fire Rescue Bureau Chief make this a priority.

Thank You

From #16 Firehouse
2710 NE SAVANNAH RD.

JENSEN BEACH
