

Group Order Discount for FRONT DOOR INSTALLATION at River Club.

The contractor, LIFETIME EXTERIORS (who meets the River Club requirements as a licensed and insured contractor), is offering a group/bulk discount for River Club residents who would like to take advantage of this offer. They have completed work at River Club for current owners successfully in the past year.

Final pricing will depend on the amount of people who sign up for the upcoming installation. There will be a window of time that Lifetime Exteriors will take orders to be included in the bulk order group discount pricing.

Aaron Mears will be onsite to answer any questions, and to take orders at this year's annual meeting on January 13, 2024, at the clubhouse. The order window will remain open for one week after the meeting to allow for additional orders.

LIFETIME EXTERIORS has been based in Lake Worth, FL since 1998. They are Floridian owned and operated. They install impact windows and doors, enclosures and shutters. They have their own manufacturing yard for their shutters. They are A+ rated and Accredited with the BBB. They also offer financing.
